## GRADUATION PROMISE

### Student

I understand that education is key to my future and therefore commit to graduate from high school. I will also take the time to plan and prepare for a life after high school by:

- being a responsible citizen and making good choices;
- going to school and actively participating in my learning;
- studying hard and turning in my homework;
- pushing myself to complete an Indiana Diploma with Core 40 designation and strive to go above and beyond to complete an advanced diploma like Core 40 with Academic Honors or Core 40 with Technical Honors;
- exploring different careers and learning how college includes many options: two- and four-year degrees, certificates, apprenticeship programs and the military; and
- asking for help when I need it.
